TESTIMONIALS

Van has been working with us since July 2020 and has translated 304868 words during that time. Van has completed 103 projects into Vietnamese in the fields of marketing, general and legal translation.

Matt Train – TranslateMedia (August 27, 2021)

This will serve to confirm that Van Nguyen began working with All Languages, Ltd. in May 3 of 2018, as an Independent Contractor providing English to Vietnamese translation and revision services.

Van passed internal tests and on-dossier screening prior to commencing with us. She has since worked closely with our translator and revisers on every project assigned to her. According to our records, Van has translated/revised approximately 82,159 words to date.

We are satisfied with her progress and happy to recommend her services.

Emerald Goldsmith - All Languages (August 13, 2021)

Van has been a tremendous and valuable addition as an English <> Vietnamese linguist to our team. Her communication skills are extraordinary and quick and the quality is top notch. I would highly recommend this individual for other language agencies seeking a new Vietnamese translator an interpreter to their team.

Mateus Almeida – MAPA Translations & Language Solutions (March 16, 2021)

As a project manager with MCIS Languages Solutions, I can confirm that Van Nguyen has been providing translation and revision services regularly with MCIS Language Solutions since April of 2017. Van has been translating and revising both from English to Vietnamese and from Vietnamese to English. As of this date, Van has translated roughly 189,000 words and revised translations with a count of about 181,000 words. Throughout her time with MCIS, Van has translated a variety of texts. For those projects that I have worked on with her, the subject matter has been mostly related to health and news releases/marketing. However, she has also done a substantial amount of translation in the fields of education (school board documents), employment regulations and legal matters, among others. Van is a diligent and communicative translator, and has always ensured that she is providing quality work. When she is unsure of terminology or requires clarification in order to ensure this quality, she never hesitates to ask, which helps the overall execution of each project. Furthermore, she is

always timely in delivering her work. I highly recommend Van's services as she is a diligent and skilled translator. It is always a pleasure working with her!

James Lougheed - MCIS Language Solutions (August 28, 2020)

Van is one of those rare people that deliver excellent results, but are also pleasant and fun to work with. I was given the opportunity to collaborate with her on a 4-month project in which she translated over 135k words. The content required creative and dynamic translation, which she took on with enthusiasm. Van has high work ethics and is truly reliable, going beyond her way to do research on the content of her work. She is eager for feedback and constantly seeking to improve, a quality that is important for all translators. I have found her to be one of the best linguists that I have worked with, and would recommend her services to anyone seeking high-quality work.
